Suggested Improvement / Room for Development	The guided tour provide into Hong Kong's histori recommended that this again for next year's pro	ical housing activity be	. It is		While the children were engaged in the siu mai craft activity, the stuffing technique proved challenging and required more adult support. To reinforce their learning, the teacher arranged a follow-up session at school for further practice.				The performers delivered a lively performance, which both parents and children enjoyed and were fully engaged in. It is recommended to apply for similar performance activities again next year.
